

Adobe® Dreamweaver® CS5: Level 1

1 day – Instructor led

Course Description

Course Objective: You will design, build, and upload a website.

Target Student: This course is intended for novice web designers, web developers, website designers, and graphic artists with some programming background who need to build simple websites and want to utilize the features of Adobe Dreamweaver CS5. The course covers the Adobe Web Communication using Dreamweaver CS5 objectives, and is intended to help prepare students to take the Adobe Certified Associate exam. Please refer to the CD-ROM that came with this course for a document that maps the Adobe Web Communication using Dreamweaver CS5 objectives to the content in the Adobe Dreamweaver CS5 series.

Prerequisites: To ensure your success in this course, it is recommended that you first take the following Element K course (or have equivalent knowledge): Web Design with XHTML, HTML, and CSS : Level 1.

Course Objectives

Upon successful completion of this course, students will be able to:

- Identify basic web design concepts and customize the Adobe® Dreamweaver® CS5 interface.
- Build a website.
- Design web pages.
- Create reusable site assets.
- Work with different types of links.
- Upload a website.
